

DISTRICT DIRECTORS & SUPERVISORS (DDS) SPRING WORKSHOP

Friday, March 29, 2019
8:00 am – 3:00 pm

Icicle Village Resort
505 Hwy 2, Leavenworth, WA

Strengthening Your Leadership Skills

If you are like most School Nutrition professionals, you have had a lot more training in *nutrition* than you have in *leadership*. Yet, the challenges you face and the

things that stress you out have a lot less to do with whole grains and sodium than they do with people. What if there were a few simple leadership skills you could develop that would allow you to get more done in less time, reduce your stress, and improve the performance of your team? Well, here is the good news: there is. In this dynamic workshop, School Nutrition consultant and trainer Jeff Joiner will teach some basic concepts and approaches to leadership, like driving change, establishing accountability, bringing out the best in employees, facilitating cross-functional teamwork, and driving employee engagement. There is a BIG difference between *managing* and *leading*, and your success and peace of mind depends on you knowing the difference.
